

MBG Director Newsletter - August 30th

Hello MBG,

It's been a hot week, but we've been making great progress and trying to manage the heat. We spent the greater part of Tuesday afternoon inside, and stayed inside Wednesday from 12:00 - 5:00. Today will provide A SMALL amount of relief and we'll spend a good amount of time outside while taking numerous breaks for shade and water.

A few notes -

- Please read [this letter](#) (linked) regarding ImpACT Testing. If you have any questions, please email me at davidschwartzter@hvrsd.org. We will begin our day Friday with this process.
- Please submit any accessory forms and checks by tomorrow morning if not already taken care of.
- Watch for a "Remind" text tomorrow about our Preview Show. With potential showers throughout the day, plans may change. There is no rain date for this event.

Thank you!

David Schwartzter
